

## Environmental Policy

At Frapa Rubber Europe B.V, we are committed to protecting the environment and minimizing our environmental impact in all aspects of our operations. We recognize that our activities have both direct and indirect effects on the environment, and we are dedicated to continuously improving our environmental performance.

### **Our Commitments:**

#### **Compliance:**

We comply with all applicable environmental laws, regulations, and standards. We strive to exceed legal requirements wherever possible and to uphold the highest standards of environmental stewardship.

#### **Resource Efficiency:**

We strive to minimize resource consumption and waste generation in our operations. We promote the efficient use of energy, water, and raw materials, and we seek to reduce, reuse, and recycle wherever feasible.

#### **Pollution Prevention:**

We are committed to preventing pollution and minimizing emissions of pollutants to air, water, and land. We implement pollution prevention measures, such as the use of environmentally friendly materials and technologies, to minimize our environmental footprint.

#### **Sustainable Procurement:**

We source products and services from suppliers who share our commitment to environmental sustainability. We consider environmental criteria, such as energy efficiency, recyclability, and eco-friendliness, in our procurement decisions.

#### **Climate Action:**

# Environmental Policy

We recognize the urgent need to address climate change and reduce greenhouse gas emissions. We set targets to reduce our carbon footprint and implement measures to mitigate and adapt to the impacts of climate change.

## **Biodiversity Conservation:**

We value biodiversity and ecosystems and strive to protect and conserve them in our operations. We assess and minimize our impacts on local habitats and ecosystems and support initiatives to preserve biodiversity.

## **Stakeholder Engagement:**

We engage with our employees, customers, suppliers, and other stakeholders to raise awareness of environmental issues and promote environmental responsibility. We encourage participation and collaboration to achieve our environmental goals.

## **Responsibility:**

All employees, managers, and directors of Frapa Rubber Europe B.V. have a responsibility to uphold this environmental policy and to actively support our efforts to protect the environment. We provide training and resources to empower our employees to contribute to our environmental objectives and to incorporate environmental considerations into their daily activities.

## **Continuous Improvement:**

We are committed to continuous improvement and regularly review and update our environmental objectives, targets, and performance indicators. We measure our progress against established goals and strive for excellence in environmental management and sustainability.

## **Communication:**

## Environmental Policy

We communicate our environmental policy and performance transparently to our stakeholders through various channels, such as our website, annual reports, and stakeholder engagements. We welcome feedback and input from our stakeholders to help us improve our environmental performance.
